To The Board of Directors of Nestle India Limited

Report on the audit of the financial results

Opinion

We have audited the accompanying quarterly and year to date financial results of Nestle India Limited (the "Company") for the quarter ended December 31, 2022 and for the year ended December 31, 2022 ("Statement"), attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us, the Statement:

- i. is presented in accordance with the requirements of the Listing Regulations in this regard; and
- ii. gives a true and fair view in conformity with the applicable accounting standards and other accounting principles generally accepted in India, of the net profit and other comprehensive income and other financial information of the Company for the quarter ended December 31, 2022 and for the year ended December 31, 2022.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013, as amended ("the Act"). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Results" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Management's responsibilities for the financial results

The Statement has been prepared on the basis of the annual financial statements. The Board of Directors of the Company are responsible for the preparation and presentation of the Statement that gives a true and fair view of the net profit and other comprehensive income of the Company and other financial information in accordance with the applicable accounting standards prescribed under Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other

irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Statement, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial results

Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Statement, including the disclosures, and whether the Statement represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Nestlé India Delivers Highest Growth in a Decade Double Digit Growth Pivoted on Volume & Broad-Based Performance Across all Categories

The Board of Directors of Nestlé India today approved the results for the fourth quarter and full year 2022.

Commenting on the results, **Mr. Suresh Narayanan, Chairman and Managing Director, Nestlé India** said, 2022 was an extraordinary year, where adversities were aplenty, where the efforts of the Nestlé team and all our partners and stakeholders were stretched and where every new day brought a fresh challenge. Adversity also brings teams together to a common cause which is why they displayed calm, resolve, consistency in the face of storm by combating volatilities, using imagination, courage, thoughtful strategies which kept the growth engine growing. My heartfelt appreciation to each of my colleagues and partners for weathering the storm and coming out well.

I am delighted to share that we delivered our highest double-digit growth in a decade led by sustained volume and mix led growth, leading to a strong value growth. In 2022 total sales grew by 14.5% and domestic sales increased by 14.8%, with broad based performance across all categories. Our robust performance on e-commerce continued, fuelled by Quick Commerce and Click & Mortar. Out-Of-Home (OOH) business made a strong comeback in 2022, recovering its pre-covid base and delivering robust growth by revamping, resetting geography, channel and sales priority. We launched our first ever 'direct to consumer' (D2C) platform – www.mynestle.in where products manufactured by the Company in India are available in Delhi – NCR

We strengthened our RURBAN approach by sharpening our geographic focus, increasing distribution points, and going deeper into smaller towns and cities. This faith, investment and execution in RURBAN is bearing fruits for our Company in terms of strong and sustained growth in smaller towns and especially rural villages. Through Project Swabhimaan, we have made our endeavour to empower and encourage rural women to initiate business in their villages.

Premiumization is one of the growth engines that will lead to future acceleration of the business. In 2022, Nestlé India acquired PURINA Petcare business, that delivers nutrition to pets and also launched globally renowned GERBER cereals catering to the nutrition needs of toddlers. GERBER cereals are 'Made in India' and 'Made for India'.

2023 has been declared as the International Year of Millets. Indeed, India's nutritional legacy has been around millets, and it is appropriate that it is brought into the limelight with enhanced public awareness and suitable products. I am delighted to announce our ambition to integrate millets into relevant product categories in our portfolio. We launched a new sub-brand, CEREGROW™ Grain Selection™. Inspired by traditional ingredients, a nutritious cereal for

toddlers made from ragi (finger millet), mixed fruits and ghee. Millets have been an integral component of the food basket in India, and CEREGROW™ Grain Selection™ rediscovers the value of these traditional millets. There is more to follow this year and the team is fully energized to this challenge.

Nestlé is fundamentally a science based and technology led Company and our reputation comes from the capability to bring scientifically balanced nutrition to our consumers. Nestlé S.A. continued to invest in augmenting R&D capabilities to make our portfolio more nutritious and sustainable through localization of various ingredients, recipes and spices, and collaborative partnerships with start-ups that are good for you and good for the planet. Nestlé R&D Centre India Pvt. Ltd (a subsidiary of Nestlé S.A and a part of Nestlé's global R&D network) recently signed an MOU with Nutrihub, ICAR-Institute of Millet Research with the aim of collaborating in areas such as millet processing, understanding health and nutrition benefits of millets in different product applications, building consumer awareness, sustainability of millet by developing regenerative agriculture practices to enhance cultivation and encouraging start-up collaborations.

We have made bold commitment on sustainability to protect and restore the planet's resources by accelerating our sustainability efforts. Our initiatives on climate, packaging, sourcing and water are ongoing and on track.
