The health of our Company is intrinsically linked to the health and resilience of the society we operate in.

We aim to make a positive impact and create maximum value for the communities.

We focus on enabling healthier and happier lives for individuals and families, helping develop thriving and resilient communities and stewarding the planet's natural resources for future generations.

Dear Shareholders

2018 has been memorable and a year of many 'firsts'. We started the year on a bright note, as by the end of 2017 we became the first listed pure play food and beverage Company in India to reach a milestone crossing INR 10,000 crore in revenue. This historic milestone signifies the strength of our 106-year old business in India and will serve as a moment of inspiration as we continue to build for a healthier future. It is clear that a healthier future requires a healthier business and a healthier society, and my team and I are fully committed to this. We continued to build trust with consumers and communities by being responsible, transparent and maintained our focus on building long term relationships.

Consumers have always been at the heart of our initiatives. We continued to offer exciting new product categories by introducing NESPLUS Breakfast Cereals, MAGGI Nutri-licious Baked Noodles, MAGGI Dip & Spread, NESCAFÉ Ready-to-Drink Cans, NESCAFÉ É Smart Coffee Machine and EVERYDAY Chai Life.

In all our initiatives we were provided valuable support by Nestlé Group's unmatched Research and Development network. Your Company has access to thousands of brands and technologies developed by the global network of Research and Development centres, including the one at Manesar, Haryana. Nestlé Group has also provided immense support in almost all areas of operation be it practices related to human resources, operational efficiencies, information technology or various initiatives with communities. I am grateful to Nestlé Group for their support over the past decades with brands, technology and expertise to establish the strong and durable foundations of your Company.

As a responsible and responsive corporate citizen, we stepped up our initiatives towards plastic waste management. One of the initiatives we launched last year was '2 Minute Safaai Ke Naam'. This included a pilot project in Dehradun and Mussoorie wherein consumers were given a packet of MAGGI Noodles for every 10 MAGGI noodle wrappers they return. We have also set up eco-warriors within the organization, wherein employees are doing their own bit on spreading consumer education and awareness. At the same time we have taken steps to recycle the plastic waste in 12 states. The journey is continuing and we are making our best endeavor to have plastic neutrality in next few years. I am deeply inspired by my colleagues and external partners who resonate and dedicate their efforts to this purpose of reducing the impact of plastic in the environment.

At Nestlé India, we believe in enabling a healthier society through various on the ground initiatives. We recently celebrated the completion of three years of Project JAGRITI in association with MAMTA Health Institute

for Mother and Child. It has reached out to over 4.5 million beneficiaries on creating awareness in the communities on issues related to health, nutrition, and sanitation (HNS), in alignment with the national goals. Nestlé Healthy Kids has a program which creates awareness on nutrition and lifestyle, and has reached out to over 2.8 lakh adolescents.

At Nestlé India, we believe in the power of long term relationships. In addition to our own employees, we work with hundreds of partners, thousands of suppliers and millions of farmers around the world. Our collective aim is to help develop thriving and resilient communities as part of a secure, long-term supply chain.

The consumer landscape is evolving rapidly across India. It is important to engage the many 'India's' within India', where every 100 kilometers, people experience a different India and diverse consumer behaviour. Brands need to embrace the varied needs, habits and perception of our rich consumer base, by engaging with them through localisation and personalisation of their product offering. We therefore adopted the regional cluster approach for increased penetration leading to volume-led growth.

The country is evolving into new modes for consumption trying out new things, new experimentations, new lifestyles and new cuisines. We will accelerate innovation and renovation to participate in the consumer journey by focussing on our core values and purpose of **'enhancing quality of life and contributing to a healthier future'**. The future of our brands at Nestlé India continue to be exciting and our collective energies are focused to harness the many opportunities to build a healthier future for our consumers and thus make our small contribution to the well-being of the nation. In this context, the support from Nestlé Group is essential and we look forward to continued access to latest state of the art technologies developed by the group along with worldwide brands and processes developed in many relevant areas.

Business Development

Your Company's commitment to Nutrition, Health and Wellness was further strengthened in 2018 through new product launches, community engagement, contribution to the society and care for the environment. Your Company made steady strides in the foods and beverages sector for the Indian consumers that are designed to provide tastier and nutritious product offerings of high quality. The year 2018 was shaped by innovation and renovation, with the launch of around 13 new products. Your Company continued to access the brands, technology and assistance from Nestlé Group to drive product innovations and renovations. Offerings continued to be adapted to suit the interests, tastes and sensibilities of the diverse consumers across India. Introduction of newer formats, local flavours and ingredients enabled your Company to connect with consumers across all ages and adapt to the evolving market place.

Striving towards building a healthier society, your Company continued to work towards reducing sodium, sugars and saturated fats, and adding healthful ingredients like whole grains, vegetables and micronutrients to its foods and beverages making them more nutritious.

Your Company reinforced its commitment towards sustainable environment with special focus on plastic waste management, paving the way to build a healthier society.

Innovating and Renovating 'Prepared Dishes and Cooking Aids'

During the year 2018 'Prepared Dishes and Cooking Aids' benefitted from strong performances across MAGGI range of products, especially MAGGI Noodles, where multifaceted inputs and regional engagement drove penetration, distribution and volume growth. MAGGI Noodles in the Instant Noodles category maintained its leadership position.

MAGGI Noodles continued its focus on innovation

and renovation, with the launch of MAGGI Special Masala, with ingredients comprising of 20 roasted spices and herbs. Your Company also introduced for the first time MAGGI NUTRITIOUS Baked Noodles with sweet corn.

The Cooking Aids business witnessed extremely encouraging consumer response for MAGGI MASALA-AE-MAGIC, refurbished with attractive packaging and amplified with the launch of new variants for non-vegetarian and South-Indian dishes. The Sauces business continued to generate topline growth.

During the year, MAGGI introduced its new campaign aimed at driving advocacy, 'Kuch Achha Pak Raha Hai'. Building on the concept, MAGGI KITCHEN JOURNEYS, a communication platform engaging with women showcased 12 inspiring stories of women who have established their own unique identity, using food as a medium and made a difference, leveraging their culinary skills creatively. This platform also offers online courses on cookery, food safety, hygiene and even tips on financial management for start-ups.

Under another initiative, the MAGGI Spice Plan, your Company, with the help of partners, has worked with more than 1,250 farmers in establishing provenance of high quality, locally sourced spices that has contributed to improving agricultural practices and consequently, yields. Today, more than 90% of spices used in MAGGI TASTEMAKER have traceability up to the farm level.

Introduction of Breakfast Cereals

In line with the vision to introduce products rooted in Nutrition, Health and Wellness, your Company has added Nestlé Breakfast Cereals

from Cereal Partners Worldwide (CPW) to its existing portfolio during the year. CPW is a 50/50 joint venture which combines the expertise of Nestlé S.A, Switzerland and General Mills Inc.,

United States, to produce and sell breakfast cereals. With this launch, your Company's objective is to provide high quality nutritious breakfast cereals to the consumers in India.

Strengthening of 'Milk Products and Nutrition'

The 'Milk Products and Nutrition' business continued to register a satisfactory growth, driven by volume of existing products and an encouraging response to new products.

Your Company extended chilled dairy portfolio range of healthier yoghurt based option of Dip and Spread, under the brand of MAGGI in exotic flavours such as, Jalapeno Salsa and Cheese Garlic.

Your Company continued to drive dessert recipe solutions under the legacy brand MILKMAID,

by driving Ice Cream Kits and Choco-Dessert Kits on e-commerce platforms, inspiring consumers to try new age recipes with MILKMAID condensed milk.

Your Company introduced NANGROW, a nutritious milk drink for growing children aged 2-5 years, containing nutrients that includes high quality whey proteins, DHA (Docosahexaenoic Acid), probiotics and immunonutrients, to support the overall growth and development of the child with 'Zero Added Sugar' (sucrose). DHA supports the child's normal brain development and whey protein is required for easy digestion. NANGROW is the only milk drink in its segment with the proposition of 'All Growth'. 'Zero Added Sugar', provides a healthier option for children.

CEREGROW, an iron fortified nutritious cereal for children over 2 years, launched its new communication titled, 'Poora Poshan, Poori Tasalli'. CEREGROW is designed to meet the

nutrition requirements of children aged between 2-5 years.

Your Company rolled out a communication titled 'Pet Bhara, Par Nutrition Bhara Kya?' to educate consumers to help them make right food choices.

Your Company believes breast milk provides the best nutrition for babies, and every child should be exclusively breastfed for six months, followed by introduction of age appropriate complementary feeding and breast milk until two years and beyond.

In the Infant Formula, your Company re-launched NAN PRO with DHA (Docosahexaenoic Acid) and ARA (Arachidonic Acid). NAN EXCELLAPRO was also re-launched with high quality, partially hydrolysed proteins.

In Healthcare Nutrition Products marketed under the umbrella of Nestlé Health Science, your Company has over 10 brands with an array of appropriate nutritional solutions. This includes RESOURCE Diabetic intended for dietary management of individuals with diabetes. RESOURCE Diabetic has low Glycemic Index, contains 20 vitamins and minerals and has high quality protein. Your Company introduced RESOURCE Renal and RESOURCE Dialysis for chronic kidney diseases and NOVASOURCE NUTRIHEP for Hepatic disorders. PEPTAMEN, a nutritionally balanced peptide based diet, was re-launched with a new recipe based on latest advancement in medical nutrition.

Growing 'Powdered and Liquid Beverages'

2018 was an exciting year for the 'Powdered and Liquid Beverages' business as your

Company continued to focus on growing the coffee and beverages market. NESCAFÉ consolidated market share in coffee with robust brand growths and also led the household penetration of the category.

Your Company ventured into the domain of personal coffee machines with the launch of NESCAFÉ É, a smart app enabled coffee machine.

After the successful launch of NESCAFÉ Ready-To-Drink Coffee in UHT format, your Company also launched successfully Ready-To-Drink Coffee in can format, under iconic youth brand of NESCAFÉ. Instant Premix Tea was also launched under the heritage brand of EVERYDAY in three variants - Desi Masala, Saffron & Cardamom and Ginger & Lemongrass.

NESCAFÉ Classic leveraged its connect with the youth and launched a number of initiatives and activations. The new campaign 'Badal Life Ki Raftaar' establishes the strong role of NESCAFÉ Classic to provide the stimulation that equips the youth to take on the pressure of being a grown up. The topical execution of the campaign during monsoon with innovative formats in outdoor was highly appreciated by consumers. Weather based targeting on digital platforms enabled NESCAFÉ Classic to connect with the target audience through relevant messaging. The brand also reached out to the youth by experiential coffee sampling at colleges and consumer touch points across several cities.

NESCAFÉ SUNRISE continued its journey of driving brand differentiation in the core coffee market of South India. The new communication campaign 'Start Your Day Bright' was complemented with a regionalised approach to drive brand salience, consumption and

availability. To take the brand culturally closer to the consumers, NESCAFÉ SUNRISE launched a new festive campaign about how small gestures can make a big difference, just like the rich aroma granules of NESCAFÉ SUNRISE.

The premiumisation journey was accelerated with the relaunch of NESCAFÉ Gold. The new product leverages global innovations to build premium cues and to deliver a superior coffee cup to consumers. The campaign 'For The Moments That Matter' focused on celebrating special bonds in your life with a cup that is crafted with care.

More offerings in 'Confectionery'

The 'Confectionery' business continued its focus on growing the core and foraying into the value-up/premium segment. The business wielded its strength towards continuous innovation and renovation of its portfolio to befit the evolving consumer trends. It was a year that delivered strong growth and consumers responded favourably to the new launches.

Your Company extended its portfolio and set another innovation benchmark in the coated wafer category with the launch of MUNCH Crunch-O-Nuts. It offers in every bite the multi textural combination of cocoa balls, double choco layer and delicious peanut crème.

MUNCH also became the official Crunch Partner of three popular teams in IPL 2018 with its mega campaign. Consumers were offered cool attitude bands, a limited edition T20 special MUNCH Orange Spinner flavor and a whole new TVC that

brought to life the idea of MUNCH giving 'Free Ka Attitude'.

MUNCH Nuts new campaign was amongst the most viewed ads on YouTube, and was also declared number one campaign on The Economic Times Brand Equity list.

Your Company also introduced KITKAT DESSERT DELIGHT Brownie Kubes, a unique western dessert concept that provides balanced dark chocolate for the Indian consumers. Continuing to provide innovative breaks to its consumers, your Company launched a new strawberry flavoured NESTLÉ KITKAT Strawberry Duo.

KITKAT, which has always inspired consumers to take a break from the monotonous routine, launched a new packaging, showcasing immersive travel locations of Goa. Your Company also collaborated with Government of Goa and Drishti to train 1,000 lifeguards, cruise crew, beach cleaning staff and watersport operators.

'Nestlé Professional' – Out-of-Home Business

Your Company's 'Out of Home business' registered volume and value growth in 2018. This growth was driven by increased reach and distribution of products across key out of home channels such as education institutes, airlines, railways, offices as well as the food service channels such as hotels and restaurants. Your Company also engaged with young chefs in various hotel management institutions and celebrated International Chefs Day, by organizing cooking workshops for adolescents, teaching them the basics of nutrition.

Institutional packs of NESCAFÉ Classic, MAGGI Coconut Milk powder and MILKMAID performed well with new customer acquisitions and increased penetration through stronger customer engagement. New product in the form of KITKAT bits meant for the bakeries and cafes was also launched.

With access to an array of brands under its portfolio, your Company through its retail formats 'One Nestlé Experience', brought brands and consumers closer. MAGGI and NESCAFÉ adopted this format with consumers seeking high quality food options that fit into their time crunched lifestyle. Additionally, 300 kiosks operated by third parties selling Company products were added across cities of India.

Employee Focus

Your Company has been recognized as one of the leading three FMCG Companies for campus placements, which was further strengthened through multiple new touch points including the launch of Company's Instagram page, 'N-Reach', a first of its kind industry-academia partnership, and 1st Day on Campus with Nestlé.

Your Company in 2018 made successful lateral hires and strengthened its position as an 'Equal Opportunity Employer'. Your Company also saw a strong representation of women both as managers and in the field force. In 2018, its field force constituted 20% women, 71% women as management trainees, 60% women as technical trainees and 75% women as sales trainees. The

diversity extends to your Company's Board of Directors, 50% of independent directors are women.

To further improve diversity, your Company organized unconscious bias programmes for employees. Provision of sanitary pad dispenser and disposal units in all factories and offices, sessions on menstrual health in factories and enhanced travel benefit for mothers, contributed towards the creation of an inclusive environment, that led to an increase in representation of women employees.

Your Company also launched the Nestlé Changemakers programme – a social sabbatical policy that allows employees to volunteer their time and skills with an NGO partner on a socially relevant project for 4 weeks.

Sales

Your Company has further strengthened its distribution base, sales capabilities and execution skills to deliver leadership position in most categories. The speed, efficiency and best-in-class roll-out of putting new products on to the shelves and online platforms, along with the requisite consumer sampling and engagement activities has ensured availability, visibility and accessibility. Your Company continues to enhance its distribution footprint in the emerging purchase and consumption domains and geographies.

The fast growing shopper and consumer opportunities on the e-commerce channels were tapped and promoted through customized

inputs, offers and packs like MAGGI Masala, NESCAFÉ travel kit, MAGGI rakhi and diwali packs.

Your Company believes that distribution-excellence and customer servicing will remain the key differentiator in the rapidly evolving retail landscape. Your Company recognized the necessity of a granular business focus approach and alignment process, and therefore conducted dedicated regional meets with its business partners across the country. New opportunities, initiatives and training programmes were shared, embraced and organized at these regional meets to ensure the continued excellence of our sales operations through our trusted business partners. Your Company has continued with its commitment of conducting its sales operations under the Nestlé Business Excellence framework. This has led to further efficiencies via enhanced automation, simplification, order-and-collection management and in addressing the service gaps and opportunities.

Management Analysis

Review of Economic Scenario and outlook

India's economy in 2018 gained momentum as a result of the stabilization of Goods and Services Tax (GST) and India opening up more to foreign investors.

The year 2018 witnessed quick recovery and India's growth accelerated to an estimated 7.3 per cent for 2018 - 19. The economy regained after a temporary slowdown due to demonetisation and the implementation of GST. Economic activity continued to recover with strong domestic demand and increase in consumption remained a major contributor to this growth. India emerged as the fastest growing major world economy in 2018 despite increased global vulnerabilities, such as rising oil prices, escalated trade wars between global partners, and the US monetary shutdown.

During the year 2018, India made some important strides. It climbed another 23 points in the World Bank's ease of doing business index to the 77th position, for the first time.

During the year 2018, the Food Processing sector grew at an average pace of 8% per annum. Government's flagship programmes played a significant role towards boosting investment in this sector.

Opportunities and Risks

Aided by consumer demand, private consumption remains robust in India. Healthy demand growth outlook will continue to boost the economy. The rural markets performed well because of numerous government schemes and also because of the growing income levels of the rural population. Consumption in the rural market was buttressed by a large base of technologically savvy Indian consumer.

The young India, is aspirational, this is reflected in the lifestyle choices adopted by them, both in their personal and professional life. The availability of high disposable income and exposure to a rapidly changing environment is encouraging the millennials to consider health and wellness as an important part of overall well-being that complements their changing and upwardly mobile lifestyle. While there are quick purchases, these purchase decisions are backed by healthy choices and increasing demand for value-up and premium products. Your Company has specialized digital acceleration and e-commerce teams that are pursuing business opportunities in the space of e-commerce.

Your Company can leverage access to Nestlé technology to develop more science-based products that provide superior benefits of Nutrition, Health and Wellness at appropriate price points. Your Company has state-of-the-art manufacturing facilities, efficient supply chain, sales automation with extensive reach. This combined with access to strong R&D and expertise in science based nutrition plays an important role in providing high quality and safe food products. The product portfolio of your Company continues to be strengthened by accelerated innovation and renovation to stay relevant to the emerging and differentiated needs of the consumers.

Your Company continues to receive valuable support from Nestlé Group's unmatched R&D capabilities and expertise. Under the General

License Agreements (GLAs), your Company has ongoing access to global portfolio of thousands of brands and patents, proprietary technologies and know-how developed by the global network of 31 R&D centres (including one in India); as well as expertise across the business value chain in operations, commercial and support functions. All the products manufactured and/or sold by the Company, are on the basis of the Licences provided by the Licensor to the Company under the GLAs. The access under the GLAs to the capabilities of Nestlé Group, is integral for the Company to continue to deliver long term sustainable growth, Create Shared Value for the shareholders and the society.

Your Company has initiatives in place to minimize the environment footprint in the areas of water, plastic waste management, conservation and proper disposal of packaging materials which are in the latter part of the report.

Despite risks arising out of volatile crude oil prices and the weakening of the Indian Rupee against US dollar, the rural markets combined with ongoing structural reforms are expected to continue to boost economic activity in India.

Operational Efficiency

Your Company's improved operational efficiencies have delivered products of higher quality and at a competitive cost.

Your Company through digitalization has moved towards 'Paperless Shop Floor'. By introducing Factory Automation System (FAS) at all factories, your Company has ensured data security and reliable network. In addition to the above, your Company already has an Advanced Process Control at Samalkha factory which ensures smooth manufacturing operations, automated recipe adjustment flexibility, better control on loss and performance and delivery of quality products.

Quality and Food Safety

Quality and Food Safety are highest priority for your Company. Your Company continued

to deliver products that meet high quality standards and are safe for consumption. In line with the requirement of Food Safety Training & Certification Programme (FoSTaC) under Food Safety and Standards Act (FSSA), 469 employees have been trained across all factories.

During the year 2018, all factory laboratories of your Company have received accreditation from the National Accreditation Board for Testing and Calibration Laboratories (NABL), which is aligned with ISO 17025 Standard. Accreditation of Laboratories is considered to be an important indicator of the technical competency to undertake the tests for which the laboratory is accredited and further strengthen consumer trust in the products of your Company.

Environment

The aim of your Company is to develop business while improving its environmental performance in order to create a more sustainable future. In order to achieve this, your Company continues to focus on measures for the conservation and optimal utilization of energy in all the areas of its operations. Factories are encouraged to consistently improve operational efficiencies, minimize consumption of natural resources and reduce water, energy and carbon emissions while maximizing production volumes.

From 2003-2018, for every tonne of production, your Company has reduced the usage of energy by 45%, reduced water usage by 53%, reduced greenhouse gases generation by 55% and the generation of waste water by 49%.

Waste for Disposal

Your Company is always looking at ways to improve efficiency, quality and productivity with optimal resources and less waste. As part of the commitment to zero waste to landfill in the operations, efforts to reduce waste have shown marked improvement over the last year. During the year 2018, the factories reduced waste for disposal to landfill by 68.5% over 2017. Six out of eight factories are zero waste to landfill and your Company aims to make all factories as zero waste to landfill by 2020.

Packaging and Plastic Waste Management '2 Minute Safaai Ke Naam'

Your Company believes that there is a need to engage with consumers and bring about a behavioural change about the need for disposing plastic waste responsibly. Therefore, your Company designed a campaign for this purpose and called it, '2 Minute Safaai Ke Naam' (2 minutes for cleanliness) in Dehradun and Mussoorie. In this campaign, the Company incentivized the consumers by giving them a packet of MAGGI Noodles on return of every 10 empty MAGGI noodles wrappers. This campaign brought together

multiple stakeholders to address the issue of proper plastic waste disposal. Your Company, the media partner, NGO, not for profit waste management organizations, colleges / universities, retailers, owners of MAGGI branded retail outlets (MAGGI Point), all came together for responsible disposal of plastic waste and protecting the environment.

In the second phase of this Project, your Company is working with Mussoorie Nagar Palika Parishad (MNPP) and RECITY Network by implementing an integrated plastic waste management system in Mussoorie. The initiative will focus on governance, understanding waste streams and its generation, filling the infrastructure gaps, driving behavioral change, developing a monitoring framework to ensure transparency and developing a circular economy and structure to carry forward the systems developed by the Project. The aim of this Project is to support Mussoorie being amongst the cleanest hill stations in India.

Extended Producers Responsibility and Consortium Approach

Your Company believes that tackling the issue of plastic waste requires collective approach. Also, there was an urgent need to showcase that multi layered plastic waste, when properly collected, segregated and disposed can be processed and managed till the end of its life. A consortium

which initially comprised of 5 companies was formed. The consortium engaged with various NGOs, waste management service providers and conducted successful pilot projects to manage multilayered plastics effectively. The projects focus on the following:

- Awareness and training programmes for rag pickers
- Improve livelihood of waste pickers
- Collection, segregation and recycling of post-consumer waste

Post successful pilots, the consortium started working in the states of Punjab and Maharashtra. The membership of the consortium has increased to almost 35 FMCG companies and is expanding. Your Company in its individual capacity expanded its waste management projects to another 10 states. In the year 2018, your Company managed approximately 5,986 metric tonnes of post-consumer multi layered plastic waste, as a part of commitment towards Extended Producers Responsibility.

Reduction in Greenhouse Gas Emissions

The Nanjangud factory in the State of Karnataka has entered into long term power purchase agreements with two solar power developers to supply 20 Mio KWH (units) per annum, which is 56% of the total requirement. This initiative will reduce greenhouse gas emissions by 18,200 tonnes per annum and also save cost.

Safety and Health

Your Company developed a comprehensive and systematic programme on machinery safety for the benefit of the employees to prevent any untoward incident. Your Company has also taken considerable measures to promote road safety by conducting awareness campaigns for the employees as well as third party transport service drivers. Your Company provides preventive health check-up to employees. Your Company offers programmes for employees, that support healthier lifestyle choices and also conducts programmes on yoga, stress management, bone health and ergonomics.

Supply Chain

During the year 2018, Supply Chain continued to actively work towards enabling consumer led growth and creating a winning edge. Post implementation of Goods and Services Tax (GST) during 2017, your Company initiated work on simplification of the downstream value chain and progressed well in reducing the distribution centres from the starting point of 38 to 30 and plans to continue the work for further optimisation. This initiative has led to savings in costs, improved freshness and better availability of products.

Your Company continues to improve the freshness of products available on the shelf, leveraging mobile application based technology and advanced analytics using data and information on product attributes and real time information about on-shelf product freshness levels. There is continuous improvement in supply planning resulting in optimum product inventory and availability of your Company's products at each stage of the value chain. Sustained focus is maintained on continuous improvement in trade working capital efficiency. Initiatives during the year targeting optimization of finished goods and material inventories and improvement on trade payables have resulted in improved net trade working capital.

Nestlé Business Excellence

To support Nestlé's organization principles of increased business focus, speed and quality of execution, and highly efficient support structures, Nestlé Business Excellence (NBE) was formed in 2014. Your Company is constantly working towards transforming End-to-End (E2E) processes and leveraging technology to simplify operations and enhance its capabilities to retain the competitive edge. NBE provides the requisite framework to leverage our size, optimize E2E flows and provide world-class services (Nestlé Global Business Service) in an integrated, cost-competitive and seamless manner to support business performance.

Your Company is optimizing six industry-standard global E2E flows, which captures ongoing business operations:-

1. Source to Pay (from sourcing materials and services to paying vendors)
2. Order to Cash (from customer order to invoice payment)
3. Hire to Retire (from attracting talent to enabling employees on their Nestlé journey)
4. Record to Report (from recording transactions to financial and performance reporting)
5. Plan to Execute (from strategic and product planning to supplying products)
6. Idea to Launch (from innovative product ideas to consumer launch)

During the year, your Company implemented the Idea-To-Launch processes and tools. It has set up a Centre of Scale at Gurugram that leverages scale and supports the transactional processes for the various E2Es. A Centre of Competence is also being set up to support and execute competence based E2E activities for the business operations.

The initiative of Nestlé Continuous Excellence (NCE) will continue to enable through people: alignment, leadership development and Lean ways of working. Information Technology will continue to enable through technology: processes, data and systems.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NESTLÉ INDIA LIMITED

Report on the Audit of the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of Nestlé India Limited ("the Company"), which comprise the Balance Sheet as at 31 December 2018, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and summary of the significant accounting policies and other explanatory information (collectively referred to as "Ind AS financial statements").

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We are also responsible to conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at 31 December 2018, its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31 December 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31 December 2018 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements - Refer Note 37 and 45 to the Ind AS financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure - A to the Independent Auditor's Report of even date on the Ind AS financial statements of Nestlé India Limited

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified in a phased manner over a period of two years. In our opinion, the periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. As informed to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. In respect of immovable properties of land and buildings that have been taken on lease and disclosed as fixed asset in the financial statements, the lease agreements are in the name of the Company, where the Company is the lessee in the agreement.
- (ii) The inventory, except goods in transit and stock lying with third parties, has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. Confirmations have been obtained for stock lying with third parties at the year end. According to the information and explanations given to us, the discrepancies noticed on physical verification of inventory as compared to book records were not material and have been properly dealt with in the books of account.
- (iii) The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, clause 3(iii) of the order is not applicable.
- (iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not entered into any transactions in respect of loans, investments, guarantees, and security which are covered under section 185 of the Companies Act, 2013.

The Company has complied with the provisions of Section 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- (v) According to the information and explanations given to us, the Company has not accepted any deposits covered under

section 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed there under. Accordingly, clause 3(v) of the Order is not applicable.

- (vi) We have broadly reviewed the records maintained by the Company pursuant to the rules prescribed by Central Government for maintenance of cost records under sub section (1) of Section 148 of the Act and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Provident Fund, Employees' State Insurance, Income-tax, Duty of Customs, Goods and Services Tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Duty of customs, Goods and Services Tax, Cess and other material statutory dues were in arrears as at 31 December 2018 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, except as stated in Appendix 1, there are no dues of Income-tax, Goods and Services tax, Sales tax, Service tax, Duty of customs, Duty of excise or Value added tax which have not been deposited on account of any dispute.
- (viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of dues to its bankers. The Company did not have any dues payable to any financial institutions, government or debentures holders during the year.
- (ix) The Company has not raised any money by way of initial public offer, further public offer (including debt instruments) and term loans during the year. Accordingly, the provisions of clause 3(ix) of the Order are not applicable to the Company.
- (x) According to the information and explanations given to us, no material fraud by the Company or no material fraud on the Company by its officers or employees, has been noticed or reported during the year.
- (xi) According to the information and explanations given to us and based on our examination of the records, the Company has paid or provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.

- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examinations of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. The details of such related party transactions have been disclosed in the Ind AS financial statements as required by applicable accounting standards.
- (xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(xiv) of the Order is not applicable.

- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, clause 3(xv) of the Order is not applicable.
- (xvi) According to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

Annexure B referred to in our Independent Auditor's Report of even date on the financial statements of Nestlé India Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Nestlé India Limited** ("the Company") as of 31 December 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 December 2018, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1 - CORPORATE INFORMATION

Nestlé India Limited ("the Company") is a company domiciled in India, with its registered office situated at 100/101, World Trade Centre, Barakhamba Lane, New Delhi – 110 001. The Company has been incorporated under the provisions of Indian Companies Act and its equity shares are listed on the BSE Limited in India. The Company is primarily involved in Food business which incorporates product groups viz. Milk Products and Nutrition, Prepared dishes and Cooking aids, Powdered and Liquid Beverages and Confectionery.

2 - SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION AND MEASUREMENT

Statement of compliance

The financial statements of the Company have been prepared in accordance with and to comply in all material aspects with the Indian Accounting Standards (Ind AS) as notified under Section 133 of the Companies Act, 2013 and the relevant provisions of the Act, as applicable.

Basis of measurement

The financial statements have been prepared on accrual and going concern basis under the historical cost convention except for certain class of financial assets/ liabilities, share based payments and net liability for defined benefit plans that are measured at fair value. The accounting policies have been consistently applied by the Company unless stated otherwise.

Previous year's figures have been regrouped / reclassified wherever necessary to conform with the current year's classification/ disclosures.

Financial Year

The Company has opted the period of 1st day of January to 31st day of December, each year as its financial year for the purpose of preparation of financial statements under the provisions of Section 2(41) of the Companies Act, 2013, which the Company Law Board has allowed.

Functional and Presentation Currency

The financial statements have been prepared and presented in Indian Rupees (₹), which is also the Company's functional currency.

Rounding off

All amounts in the financial statement and accompanying notes are presented in ₹ million and have been rounded-off to one decimal place unless stated otherwise.

Current and Non-current Classification

The Company has ascertained its operating cycle as 12 months for the purpose of current / non-current classification of assets and liabilities. This is based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents.

Measurement of Profit from Operations

For better understanding of the financial performance, the Company has chosen to present "Profit from Operations" as an additional information in the Statement of Profit and Loss. "Profit from Operations" is arrived from 'Profit before Tax' after reducing Other Income and adding back Finance Costs (including interest cost on employee benefit plans), Net provision for contingencies (others) and corporate social responsibility expense.

Use of Estimates and Judgement

The preparation of financial statements requires management to exercise judgement and make estimates and assumptions that affects the reported amounts of revenue, expenses, assets and liabilities. These estimates and assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

these estimates. These estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognised in the period in which the results are known/materialise.

The areas involving significant estimates and judgement include determination of useful life of property, plant and equipment (Refer note 5), measurement of defined benefit obligations (Refer note 34), recognition and measurement of provisions and contingencies (Refer note 37) and recognition of deferred tax assets/liabilities (Refer note 39).

Approval of financial statements

The financial statements of the Company were approved for issue by the Board of Directors on 14 February 2019.

REVENUE RECOGNITION

Revenue from sale of goods is recognised on transfer of significant risks & rewards of ownership and effective control to the buyer. Revenue is measured at the price charged to the customer and are recorded net of returns (if any), trade discounts, rebates, other pricing allowances to trade/consumer, when it is probable that the associated economic benefits will flow to the company.

Sales are presented gross of excise duty and net of Goods and Services Tax (GST), Value Added Tax (VAT)/ Sales Tax, wherever applicable.

In accordance with Ind AS 18 on "Revenue" and Schedule III to the Companies Act, 2013, Sales for the period 1 January to 30 June 2017 in the previous year were reported gross of Excise Duty and net of Value Added Tax (VAT)/ Sales Tax. Excise Duty was reported as a separate expense line item. Consequent to the introduction of Goods and Services Tax (GST) with effect from 1 July 2017, VAT/Sales Tax, Excise Duty etc. have been subsumed into GST and accordingly the same is not recognised as part of sales as per the requirements of Ind AS 18.

Interest income is recognised using effective interest rate (EIR) method.

Dividend income on investments is recognised when the right to receive the payment is established.

GOVERNMENT GRANTS

Government grant in relation to fixed asset is treated as deferred income and is recognised in the statement of profit and loss on a systematic basis over the useful life of the asset.

Government grant in relation to investment outlay is recognised as income in the statement of profit & loss on fulfillment of the underlying attached conditions.

INVENTORIES

Inventories are stated at cost or net realisable value, whichever is lower. However, raw materials, packing materials and other supplies held for use in the production of inventories are not written down below cost if the finished goods in which they will be included are expected to be sold at or above cost. The bases of determining cost for various categories of inventories are as follows:

Raw and packing material	: First-in-first out
Stock-in-trade (Goods purchased for resale)	: Weighted average
Stores and spare parts	: Weighted average
Work-in-progress and finished goods	: Material cost plus appropriate share of production overheads and excise duty, wherever applicable

EMPLOYEE BENEFITS

Employee benefit plans

The Company makes contributions to Provident Fund, Employee State Insurance, National Pension System etc. for eligible employees and these contributions are charged to statement of profit and loss on accrual basis.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Liability for defined benefit plans i.e. gratuity and unfunded pension is determined based on the actuarial valuation carried out by an independent actuary as at the year-end. As these liabilities are relatively long term in nature, the actuarial assumptions take in account the requirements of the relevant Ind AS coupled with a long term view of the underlying variables / trends, wherever required.

Service cost and net interest cost on the defined benefit liabilities/assets are recognized in the statement of profit and loss as employee benefit expense and finance costs respectively. Gains and losses on remeasurement of defined benefits liabilities/plan assets arising from changes in actuarial assumptions and experience adjustments are recognised in the other comprehensive income and are included in retained earnings in the balance sheet.

Long term employee benefits such as compensated absences and long service awards are charged to statement of profit and loss on the basis of an actuarial valuation carried out by an independent actuary as at the year-end. Actuarial gains and losses are recognised in full in the statement of profit and loss during the year in which they occur.

Other employee benefits

Short term employee benefits including performance incentives, are charged to statement of profit and loss on an undiscounted, accrual basis during the period of employment.

SHARE BASED PAYMENT

Nestlé Restricted Stock Unit (RSU) Plan/ Performance Share Unit (PSU) Plan of Nestlé S.A., whereby select employees of the Company are granted non-tradable units with the right to obtain Nestlé S.A. shares or cash equivalent, is a Cash-Settled Share based payment as per the requirement of Ind AS 102 - Shared based Payment. Liability under the plan is initially measured at the fair value and charged to statement of profit and loss over the vesting period. The Company remeasures the outstanding units at each balance sheet date at their fair values taking into account the Nestlé S.A. share price and exchange rate as at the balance sheet date. The resultant gain/ (loss) on remeasurement is recognised in the statement of profit and loss over the vesting period.

PROPERTY, PLANT AND EQUIPMENT

Items of property, plant & equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost is inclusive of freight, duties, taxes or levies (net of recoverable taxes) and any directly attributable cost of bringing the assets to their working condition for intended use.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

Profit or loss on disposal/ scrapping/ write off/ retirement from active use of an item of property, plant and equipment is recognised in the statement of profit and loss.

DEPRECIATION / AMORTISATION

The Company has assessed the useful lives of property, plant and equipment as per Schedule II to the Companies Act, 2013. Accordingly, depreciation has been computed on useful lives based on technical evaluation of relevant class of assets including components thereof. Useful lives and residual values are reviewed annually. Depreciation is provided as per the straight line method computed basis useful lives of fixed assets as follows:

Buildings	: 25 - 40 years
Plant & Machinery	: 5 - 25 years
Office Equipments	: 5 years
Furniture and fixtures	: 5 years
Vehicles	: 5 years
Information Technology (IT) equipment	: 3 - 5 years

Freehold land is not depreciated. Leasehold land and related improvements are amortized over the period of the lease.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

IMPAIRMENT OF PROPERTY, PLANT AND EQUIPMENT

At each balance sheet date, items of property, plant and equipment are reviewed to determine whether there is any indication of impairment. For the purpose of assessing impairment, assets are grouped at the levels for which there are separately identifiable cash flows (cash generating unit). If any impairment indicator exists, estimate of the recoverable amount of the property, plant and equipment /cash generating unit to which the asset belongs is made. An impairment loss is recognised whenever the carrying amount of an asset/ cash generating unit exceeds its recoverable amount. The recoverable amount is the greater of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount rate.

Reversal of impairment losses recognised in earlier years is recorded when there is an indication that the impairment losses recognised for the asset/cash generating unit no longer exist or have decreased. However, the increase in carrying amount of an asset due to reversal of an impairment loss is recognised to the extent it does not exceed the carrying amount that would have been determined (net of depreciation) had no impairment loss been recognised for that asset/cash generating unit in earlier years.

LEASES

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset/s and the arrangement conveys a right to use the asset/s, even if that right is not explicitly specified in an arrangement.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the asset to the lessee. All other leases are classified as operating leases.

Payments made under operating leases are recognised as an expense in the statement of profit and loss on a straight-line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, in which case the same is recognised as an expense in line with the contractual term.

FOREIGN CURRENCY TRANSACTIONS

Transactions in foreign currency are initially recorded in the functional currency i.e. Indian Rupees (₹) using the exchange rate at the date of transaction.

Monetary items (i.e. receivables, payables, loans etc.) denominated in foreign currency are reported using the closing exchange rate as on each balance sheet date.

The exchange difference arising on the settlement or reporting of monetary items at rates different from rates at which these were initially recorded / reported in previous financial statements, are recognised in the statement of profit and loss in the period in which they arise.

Also refer to accounting policy on 'Derivatives and Hedge accounting'.

PROVISIONS AND CONTINGENT LIABILITIES

Provisions for Contingencies/ Contingent liabilities are recognised/disclosed after evaluation of facts and legal aspects of the matter involved, in line with Ind AS 37 on Provisions, Contingent Liabilities and Contingent Assets. Provisions are recognised when the Company has a present obligation (legal/constructive) and on management judgement as a result of a past event, for which it is probable that a cash outflow will be required and a reliable estimate can be made of the amount of the obligation. As the timing of outflow of resources is uncertain, being dependent upon the outcome of the future proceedings, these provisions are not discounted to their present value.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements since this may result in the recognition of income that may never be accrued/ realised.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

BORROWING COSTS

Borrowing costs directly attributable to acquisition or construction of items of property, plant and equipment which take substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. All other borrowing costs are charged to the statement of profit and loss in the period in which they are incurred.

FINANCIAL INSTRUMENTS

a) Recognition and Initial measurement

The Company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are measured at fair value on initial recognition. Transaction costs in relation to financial assets and financial liabilities, other than those carried at fair value through profit or loss (FVTPL), are added to the fair value on initial recognition. Transaction costs in relation to financial assets and financial liabilities which are carried at fair value through profit or loss (FVTPL), are charged to the statement of profit and loss.

b) Classification and subsequent measurement of financial assets

i) Debt Instruments

For the purpose of subsequent measurement, financial assets in the nature of debt instruments are classified as follows:

Amortised cost - Financial assets that are held within a business model whose objective is to hold the asset in order to collect contractual cash flows that are solely payments of principal and interest are subsequently measured at amortised cost less impairments, if any. Interest income calculated using effective interest rate (EIR) method and impairment loss, if any are recognised in the statement of profit and loss.

Fair value through other comprehensive income (FVOCI) - Financial assets that are held within a business model whose objective is achieved by both holding the asset in order to collect contractual cash flows that are solely payments of principal and interest and by selling the financial assets, are subsequently measured at fair value through other comprehensive income. Changes in fair value are recognized in the other comprehensive income (OCI) and on derecognition, cumulative gain or loss previously recognised in OCI is reclassified to the statement of profit and loss. Interest income calculated using EIR method and impairment loss, if any are recognised in the statement of profit and loss.

Fair value through profit or loss (FVTPL) - A financial asset which is not classified in any of the above categories are subsequently measured at fair value through profit or loss. Changes in fair value and income on these assets are recognised in the statement of profit and loss.

ii) Equity Instruments

The Company has made investment in equity instruments that are initially measured at fair value. These investment are strategic in nature and held on a long-term basis. Accordingly, the company has elected irrevocable option to measure such investments at FVOCI. The Company makes such election on an instrument-by-instrument basis. Pursuant to such irrevocable option, changes in fair value are recognised in the OCI and is subsequently not reclassified to the statement of profit and loss.

c) Classification and subsequent measurement of financial liabilities

For the purpose of subsequent measurement, financial liabilities are classified as follows:

Amortised cost - Financial liabilities are classified as financial liabilities at amortised cost by default. Interest expense calculated using EIR method is recognised in the statement of profit and loss.

Fair value through profit or loss (FVTPL) - Financial liabilities are classified as FVTPL if it is held for trading, or is designated as such on initial recognition. Changes in fair value and interest expense on these liabilities are recognised in the statement of profit and loss.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

d) Derecognition of financial assets and financial liabilities

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows including risks and rewards of ownership.

A financial liability is derecognised when the obligation under the liability is discharged or expires.

e) Impairment of financial assets

Financial assets that are carried at amortised cost and fair value through other comprehensive income (FVOCI) are assessed for possible impairments basis expected credit losses taking into account the past history of recovery, risk of default of the counterparty, existing market conditions etc. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition.

For Trade receivables, the Company provides for expected credit losses based on a simplified approach as per Ind AS 109 – Financial Instruments. Under this approach, expected credit losses are computed basis the probability of defaults over the lifetime of the asset.

f) Derivatives and hedge accounting

Derivative instruments used by the company include forward contracts. The Company formally establishes a hedge relationship between such forward contracts ('hedging instrument') and recognized financial asset/liabilities ('hedged item') through a formal documentation at the inception of the hedge. Forward contracts are designated as hedging instruments against changes in fair value of recognised assets and liabilities (fair value hedges) and against highly probable forecast transactions (cash flow hedges). The effectiveness of hedge instruments is assessed at the inception and on an ongoing basis.

Derivatives instruments such as forward contracts are initially measured at fair value. When a forward contract is designated as a cash flow hedge, the effective portion of change in the fair value of the contract is recognised in the other comprehensive income and accumulated in other equity under "effective portion of cash flow hedges". Amount recognised in other equity is subsequently reclassified to the statement of profit and loss upon occurrence of the related forecasted transaction. Any ineffective portion of the change in the fair value of the contract is recognised immediately in the statement of profit and loss.

Changes in fair value of forward contracts designated as fair value hedge are recognised in the statement of profit and loss.

g) Fair value measurement

Fair value of financial assets and liabilities is normally determined by references to the transaction price or market price. If the fair value is not reliably determinable, the company determines the fair value using valuation techniques that are appropriate in the circumstances and for which sufficient data are available, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

INCOME TAX

Income tax expense comprises of current tax and deferred tax. Income tax expense is recognised in the statement of profit and loss, except when it relates to items recognised in the other comprehensive income or items recognised directly in the equity. In such cases, the income tax expense is also recognised in the other comprehensive income or directly in the equity as applicable.

Provision for current tax for the period comprises of

- estimated tax expense which has accrued on the profit for the period 1 April 2018 to 31 December 2018 and,
- the residual tax expense for the period 1 April 2017 to 31 March 2018 arising out of the finalisation of fiscal accounts (Assessment Year 2018-2019), under the provisions of the Indian Income tax Act, 1961.

Deferred taxes are recognised basis the balance sheet approach on temporary differences, being the difference between the carrying amount of assets and liabilities in the Balance Sheet and its corresponding tax base, that originate in one period and are

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

capable of reversal in one or more subsequent periods. Deferred tax assets are recognised only to the extent it is probable that future taxable profits will be available against which such assets can be utilized.

EARNINGS PER SHARE

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares, if any.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents for the purpose of Statement of Cash Flows include bank balances, cheques and drafts on hand including remittances in transit, demand deposits with banks where the original maturity is three months or less and other short term highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are included as a component of cash and cash equivalents for the purpose of Statement of Cash flows.

EVENTS OCCURRING AFTER THE BALANCE SHEET DATE

All material events occurring after the balance sheet date upto the date of approval of financial statements by the board of directors on 14 February 2019, have been considered, disclosed and adjusted, wherever applicable, as per the requirements of Ind AS 10 - Events after the Reporting Period.

IND AS 115: Revenue from Contracts with Customers

In March 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2018, notifying Ind AS 115, 'Revenue from Contracts with Customers'. The Standard is applicable to the Company with effect from 1 January 2019.

Revenue from Contracts with Customers Ind AS 115 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. Ind AS 115 will supersede the current revenue recognition standard Ind AS 18 Revenue, Ind AS 11 Construction Contracts when it becomes effective. The core principle of Ind AS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers for an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligation in contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Under Ind AS 115, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer. The Company has evaluated Ind AS 115 and does not anticipate any significant impact.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

4 - Impact of implementation of Goods and Services Tax (GST) on the financial statements

In accordance with Ind AS 18 on "Revenue" and Schedule III to the Companies Act, 2013, Sales for the period 1 January to 30 June 2017 in the previous year were reported gross of Excise Duty and net of Value Added Tax (VAT)/ Sales Tax. Excise duty was reported as a separate expense line item. Consequent to the introduction of Goods and Services Tax (GST) with effect from 1 July 2017, VAT/Sales Tax, Excise duty etc. have been subsumed into GST and accordingly the same is not recognised as part of sales as per the requirements of Ind AS 18. This has resulted in lower reported sales in the current year in comparison to the sales reported in the previous year under the pre-GST structure of indirect taxes. With the change in structure of indirect taxes, expenses are also being reported net of taxes. Accordingly, financial results for the year ended 31 December 2018 and in particular Sales, absolute expenses and ratios in percentage of Sales are not comparable with the previous year.

Nature and description of reserve

- (i) **General Reserve** - General reserve are free reserves of the company which are kept aside out of company's profits to meet the future requirements as and when they arise. The Company had transferred a portion of the profit after tax (PAT) to general reserve pursuant to the earlier provisions of Companies Act, 1956. Mandatory transfer to general reserve is not required under the Companies Act, 2013.
- (ii) **Retained Earnings** - Retained earnings are the accumulated profits earned by the Company till date, less transfer to general reserves, dividend (including dividend distribution tax) and other distributions made to the shareholders.
- (iii) **Effective portion of cash flow hedges** - The Company uses forward contracts to hedge its risks associated with foreign currency transactions relating to firm commitments and highly probable forecast transactions. This reserve represents the cumulative changes in fair value of forward contracts that are designated as Cash Flow Hedges. These will be reclassified to statement of profit and loss upon occurrence of the underlying forecasted transactions.
- (iv) **Equity instruments through other comprehensive income** - This represents the cumulative gains and losses arising on fair valuation of equity instruments measured at fair value through other comprehensive income under an irrevocable option.

34. Employee Benefit Plans

- (i) The Company makes contributions to the Provident Fund, Employee State Insurance, National Pension System etc. for eligible employees. Under these plans, the Company is required to contribute a specified percentage of payroll costs. The Company has recognised ₹ 421.4 million (Previous year ₹ 368.0 million) as expense in the statement of profit and loss during the year towards contribution to these funds.

Out of the total contribution made for Provident Fund, ₹ 169.5 million (Previous year ₹ 144.6 million) is made to the Nestlé India Limited Employees Provident Fund Trust. The members of the Provident Fund Trust are entitled to the rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952. The shortfall, if any, is made good by the Company in the year in which it arises. The Trustees of Nestlé India Limited Employees Provident Fund Trust are responsible for the overall governance of the plan and to act in accordance with the provisions of the trust deed and the relevant provisions prescribed under the law. Pattern of investment followed by the Trust is in accordance with the rules prescribed by the Government of India.

The total plan liabilities under the Nestlé India Limited Employees Provident Fund Trust as at 31 December 2018 as per the unaudited financial statements are ₹ 3531.4 million (Previous year ₹ 3,316.3 million) as against total plan assets of ₹ 3,532.2 million (Previous year ₹ 3,326.4 million). The funds of the Trust have been invested under various securities in accordance with the rules prescribed by the Government of India.

- (ii) Pension and Gratuity Plans: The Company provides pension and gratuity to eligible employees under defined benefit plans. The gratuity plan provides for a lump sum payment to employees upon vesting at retirement, death while in employment or on termination of employment. Gratuity vesting occurs upon completion of five years of service.

The Company makes contributions to the Nestlé India Limited Employees' Gratuity Trust Fund. The Trustees of Nestlé India Limited Employees Gratuity Trust Fund are responsible for the overall governance of the plan and to act in accordance with the provisions of the trust deed and the relevant provisions prescribed under the law. Pattern of investment followed by the Gratuity Trust fund is in accordance with the rules prescribed by the Government of India. The Company aims to keep annual contributions to the trust relatively stable at a level such that no significant gap arises between plan assets and liabilities. Defined benefit pension is a discretionary, unfunded plan. These benefit plans expose the Company to risks, such as interest rate risk, inflation risk, price risk, longevity risk etc.

(b) Fair value hierarchy

	As at 31 December 2018 (₹ in million)	As at 31 December 2017 (₹ in million)
(i) Financial assets/liabilities at amortised cost		
The carrying amount of financial assets and financial liabilities measured at amortised cost are a reasonable approximation of their fair values except Investments for which the fair value are as follows:		
Fair value of Investments measured at amortised cost (Level 1)	22,629.8	16,288.4
(ii) Financial assets at fair value through other comprehensive income		
Investment in Equity Shares (Level 3)	218.8	318.8
(iii) Financial assets at fair value through profit & loss		
Investment in Mutual Funds (Level 1)	3,899.6	3,539.4
Derivative assets - forward contracts (Level 2)	46.8	32.0
(iv) Financial liabilities at fair value through profit & loss		
Derivative liabilities - forward contracts (Level 2)	56.0	14.0

The Company determines the fair value of its financial instruments on the basis of the following hierarchy:

Level 1: The fair value of financial instruments that are quoted in active markets are determined on the basis of quoted price for identical assets or liabilities.

Level 2: The fair value of financial instruments that are not traded in an active market are determined using valuation techniques based on observable market data.

Level 3: The fair value of financial instruments that are measured on the basis of entity specific valuations using inputs that are not based on observable market data (unobservable inputs). Fair value of investment in unquoted equity shares is determined using discounted cash flow technique.

There are no transfers between different fair value hierarchy levels in 2017 and 2018.

(c) Financial Risk Management

In the course of its business, the Company is exposed to a number of financial risks: liquidity risk, credit risk, market risk. This note presents the Company's objectives, policies and processes for managing its financial risk.

(i) Liquidity risk

Liquidity risk refers to risk that the Company may encounter difficulties in meeting its obligations associated with financial liabilities that are settled in cash or other financial assets. The Company regularly monitors the rolling forecasts to ensure that sufficient liquidity is maintained on an ongoing basis to meet operational needs. The Company manages the liquidity risk by planning the investments in a manner such that the desired quantum of funds could be made available to meet any of the business requirements within a reasonable period of time. In addition, the Company also maintains flexibility in arranging the funds by maintaining committed credit lines with various banks to meet the obligations.

(ii) Credit risk

Credit risk refers to risk of financial loss to the Company if a customer or a counter-party fails to meet its contractual obligations. The Company has following categories of financial assets that are subject to credit risk evaluation:

Investments

The Company has made investments in tax free long term bonds, treasury bills, certificate of deposits, commercial papers, short term bonds, deposit with banks, mutual funds etc. Funds are invested in accordance with the Company's established Investment policy that includes parameters of safety, liquidity and post tax returns. Company avoids the concentration of credit risk by spreading them over several counterparties with good credit rating profile and sound financial position. The Company's exposure and credit ratings of its counterparties are monitored on an ongoing basis. Based on historical experience and credit profiles of counterparties, the company does not expect any significant risk of default.

Trade receivables

Credit risk arising from trade receivables is managed in accordance with the Company's established policy with regard to credit limits, control and approval procedures. The Company provides for expected credit losses on trade receivables based on a simplified approach as per Ind AS 109. Under this approach, expected credit losses are computed basis the probability of defaults over the lifetime of the asset. This allowance is measured taking into account credit profile of the customer, geographical spread, trade channels, past experience of defaults, estimates for future uncertainties etc.

Movement in expected credit loss allowance on trade receivables:

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Other financial assets

Other financial assets include employee loans, security deposits etc. Based on historical experience and credit profiles of counterparties, the Company does not expect any significant risk of default.

The Company's maximum exposure to credit risk for each of the above categories of financial assets is their carrying values as at the reporting dates.

(iii) Market Risk

Interest rate risk

Interest rate risk refers to risk that the fair value of future cash flows of a financial instrument may fluctuate because of changes in market interest rates. The Company is not exposed to any significant interest rate risk as its investments are primarily in fixed rate instruments. Also, there are no significant borrowings as at the balance sheet date.

Price risk

Price risk refers to risk that the fair value of a financial instrument may fluctuate because of the change in the market price. The Company is exposed to the price risk mainly from investment in mutual funds and investment in equity instruments. Investment in mutual funds are made primarily in units of liquid funds and are not exposed to significant price risk. Further, Equity investment is strategic in nature and held on a long-term basis.

Foreign currency risk

Foreign currency risk refers to risk that the fair value of future cash flows of an exposure may fluctuate due to change in the foreign exchange rates. The Company is exposed to foreign currency risk arising out of transactions in foreign currency. Foreign exchange risks are managed in accordance with Company's established policy for foreign exchange management. The Company enters into forward contracts as per the hedging policy to hedge against its foreign currency exposures. The impact of strengthening/weakening of foreign currencies on the outstanding exposure remaining unhedged at the year-end is not significant.

The foreign currency exposure of the Company as at the year end basis the closing exchange rates is as under:

¹ Re-appointed as Independent Non-Executive Director with effect from 1st April, 2019. In addition to Meetings attended, Dr. Swati A. Piramal participated in the meeting over the phone on 9th May, 2018.

^A Directorship in companies registered under the Companies Act, 2013 or any earlier enactments, excluding companies under Section 8 of the Companies Act, 2013 (earlier Section 25 of the Companies Act, 1956).

^B Only covers Membership / Chairpersonship of Audit Committee and Stakeholders Relationship Committee of public limited companies.

As at 31st December, 2018, in compliance with the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), the Company's Board of Directors headed by its Chairman and Managing Director, Mr. Suresh Narayanan comprised seven other directors, out of which five directors are Independent Non-Executive Directors including two women directors. None of the Independent Directors of the Company serves as Independent Director in more than seven listed companies and where any Independent Director is serving as whole-time director in any listed company, such director is not serving as Independent Director in more than three listed companies.

At the 59th Annual General Meeting held on 10th May, 2018, the shareholders approved the re-appointment of Dr. Swati A. Piramal as an Independent Non-Executive Director to hold office for another term of five consecutive years with effect from 1st April, 2019 to 31st March, 2024 through Special Resolution.

During the year, the Board met eight times on 9th January, 2018, 14th February, 2018, 9th May, 2018, 10th May, 2018, 3rd August, 2018, 14th September, 2018, 26th October, 2018 and 5th December, 2018. The maximum gap between any two Board Meetings was

less than one hundred and twenty days. All material information was circulated to the directors before the meeting or placed at the meeting, including minimum information required to be made available to the Board as prescribed under Part A of Schedule II of sub-regulation 7 of Regulation 17 of the Listing Regulations. During the year, a separate meeting of the Independent Directors was held on 14th February, 2018 without the attendance of non-independent directors and members of the management. All Independent Directors except Dr. Rakesh Mohan attended the said meeting.

The Company has proper online systems to enable the Board to review on a half yearly basis compliance reports of all laws applicable to the Company, as prepared by the Company as well as to assess the steps taken by the Company to rectify instances of non-compliances, if any.

The Company has familiarisation programme for Independent Directors with regard to their roles, rights, responsibilities in the Company, nature of the industry in which the Company operates, the business model of the Company etc. The familiarisation programme along with details of the same imparted to the Independent Directors during the year are available on the website of the Company (web link: <https://www.nestle.in/investors/directorsandofficers>).

None of the Independent Non-Executive Directors held any equity shares or convertible instruments of the Company during the financial year ended 31st December, 2018. None of the Directors had any relationships inter-se.

Compliance with the Code of Conduct

The Company has adopted the "The Nestlé India Code of Business Conduct" (Code). The Code is available on the website of the Company (web link <https://www.nestle.in/investors/policies>).

The Chairman and Managing Director declares that the members of the Board of Directors and Senior Management Personnel have affirmed compliance with the Code during the year 2018.

AUDIT COMMITTEE

The powers, role and terms of reference of the Audit Committee covers the areas as contemplated under Section 177 of the Companies Act, 2013 ("the Act") and Regulation 18 of Listing Regulations, as applicable, besides other terms as referred by the Board of Directors.

The powers include investigating any activity within its terms of reference as specified by the Board and seeking information from any employee, obtain professional advice from external sources, secure attendance of outsiders with relevant expertise, if considered required and have full access to information contained in the records of the Company.

The role includes oversight of Company's financial reporting process and disclosure of financial information to ensure that the financial statements are correct, sufficient and credible; recommending the appointment, re-appointment, remuneration and terms of appointment of auditors and approval of payment for any other services rendered by statutory auditors; reviewing with the management quarterly results and annual financial statements before submission to the Board for approval; approval or any subsequent modification of any transactions of the Company with related parties; review and monitor the auditor's independence and performance and effectiveness of audit process; scrutiny of inter corporate loans and investments, if any; evaluation of internal financial controls and risk management system; and reviewing the functioning of the whistle blower mechanism.

The Committee mandatorily reviews information such as internal audit reports related to internal control weakness, management discussion and analysis of financial condition and result of operations, statement of significant related party transactions and such other matters as prescribed.

Mr. Ashok Kumar Mahindra, Independent Non-Executive Director, is the Chairman of the Audit Committee. Dr. Rakesh Mohan, Independent Non-Executive Director and Mr. Rajya Vardhan Kanoria, Independent Non-Executive Director are other members of the Committee. All members of the Audit Committee are financially literate and have related financial management expertise by virtue of their comparable experience and background. The Company Secretary acts as the Secretary to the Committee. The Director-Finance & Control and CFO, Head of Internal Control and Costing, Head of Financial Accounting and Reporting and Deputy Company Secretary are permanent invitees to the Meetings of the Audit Committee. The Chief Internal Auditor, the concerned partners/authorised representatives of Statutory Auditors and Cost Auditors are also invited to the meetings of the Audit Committee.

During the year, the Audit Committee met four times on 13th February, 2018, 9th May, 2018, 2nd August, 2018 and 26th October, 2018 and all members of the Committee attended the aforesaid meetings except Dr. Rakesh Mohan who was granted leave of absence for the meeting held on 13th February, 2018. The maximum gap between any two meetings was less than one hundred and twenty days.

NOMINATION AND REMUNERATION COMMITTEE

The powers, role and terms of reference of the Nomination and Remuneration Committee covers the areas as contemplated under Section 178 of the Act and Regulation 19 of Listing Regulations, besides other terms as referred by the Board of Directors. The role includes formulation of criteria for determining qualifications, positive attributes and independence of a director and recommending to the Board a policy relating to the remuneration for the directors, key managerial personnel and other employees; formulation of criteria for evaluation of Independent Directors and the Board; devising a policy on diversity of Board of Directors; and identification of persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, and recommending to the Board their appointment, removal and noting their cessation and recommendation on extension or continuation of the terms of appointment of the Independent Directors.

Mr. Rajya Vardhan Kanoria, Independent Non-Executive Director, is the Chairman of the Committee and Mr. Ashok Kumar Mahindra, Independent Non-Executive Director and Dr. Rakesh Mohan, Independent Non-Executive Director are other members of the Committee. The Chairman and Managing Director and Head of Human Resources are permanent invitees to the meetings of the Committee. The Company Secretary acts as the Secretary to the Committee.

During the year, the Nomination and Remuneration Committee met thrice on 13th February, 2018, 9th May, 2018 and 26th October, 2018 and all members of the Committee attended the aforesaid meetings except Dr. Rakesh Mohan who was granted leave of absence for the meeting held on 13th February, 2018.

Performance Evaluation

The criteria for performance evaluation covers the areas relevant to the functioning as Independent Directors such as preparation, participation, conduct and effectiveness. The performance evaluation of Independent Directors was done by the entire Board of Directors and in the evaluation of the Directors, the Directors being evaluated had not participated.

¹ The Company enters into service contracts with all executive directors for a period of 5 years. The notice period is of three months and the severance fee is the sum equivalent to remuneration for the notice period or part thereof in case of shorter notice.

@ Represents Commission for the year ended 31st December, 2018 which will be paid, subject to deduction of tax after adoption of the accounts by the shareholders at the Annual General Meeting.

Sitting fee indicated above also includes payment for Board-level committee meetings.

The above remuneration of Executive Directors does not include payment of pension and gratuity and provision for incremental liability on account of pension, gratuity, compensated absences and long service awards since actuarial valuation is done for the Company as a whole. The term of employment of the Executive Directors are governed by the applicable policies at the relevant point in time. Commission is subject to adequate profits being earned. A fair portion of the Executive Director's Performance Linked Incentive is linked to Company's performance. This creates alignment with the strategy and business priorities to enhance shareholder value. The total reward package for Executive Directors is intended to be market competitive with strong linkage to performance in line with Company's Remuneration Policy.

The non-executive directors are paid remuneration based on their contribution and current trends. Sitting fee is paid for attending each meeting of the Board and Committees thereof. Additionally, the non-executive directors are entitled to remuneration upto an aggregate limit of one percent per annum of the net profits of the Company, provided that none of the non-executive directors shall receive individually a sum exceeding ₹ 25,00,000/- (Rupees twenty five lakhs only), as approved by the members at the Annual General Meeting held on 10th May, 2018. Within the aforesaid limit, the commission payable is determined by the Board of Directors and equal amount of commission is payable to Independent Non-Executive Directors on a pro-rata basis. During the year under review, remuneration of non-executive directors was approved by the Board of Directors with the interested non-executive directors, not participating or voting, as per the terms approved by the shareholders at the Annual General Meeting.

The Company does not have any stock option scheme. The Company participates in the Nestlé Performance Share Unit Plan ('Plan') of Nestlé S.A., whereby selected employees are granted non-tradable Performance Share Units of Nestlé S.A. Perquisites of the Whole-time/ Managing Director include, inter-alia, Leave Travel and payments for the Restricted Stock Units/ Performance Share Units of Nestlé S.A. vested during the year equal to the market value of the underlying shares on the date of vesting.

As required, a brief profile and other particulars of the Directors seeking appointment/re-appointment is given in the Notice of the 60th Annual General Meeting and forms part of the Corporate Governance Report.

STAKEHOLDERS RELATIONSHIP COMMITTEE

The Stakeholders Relationship Committee oversees, inter-alia, redressal of shareholder and investor grievances, transfer/transmission of shares, issue of duplicate shares, exchange of new design share certificates, recording dematerialisation/ rematerialization of shares and related matters. ANNEXURE - 2 TO THE BOARD'S REPORT

ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES

1. A brief outline of the Company's CSR policy, including overview of projects or programs proposed to be undertaken and a reference to the web-link to the CSR policy and projects or programs.

There are two important dimensions on how we operate that always remain consistent – our purpose and our values. The health of the Company is intrinsically linked to the health and resilience of the communities we work in. This is in line with Nestlé's purpose which is: 'Enhancing quality of life and contributing to a healthier future'. Our values, rooted in respect, guide our decisions and actions. Underpinned by a set of over arching commitments aligned with the United Nations Sustainable Development Goals, we aim to make a positive impact and create maximum value for the communities. This also includes creating better livelihood opportunities. Our positive impact on society focuses on enabling healthier and happier lives for individuals and families, helping develop thriving and resilient communities, and stewarding the planet's natural resources for future generations, with particular care for water.

The Company continues to engage with stakeholders including communities, academia, civil society, expert organisations and the Government and would take up such other CSR activities in line with the Government's intent and which are important for society. The above areas are mapped with the activities as prescribed in Schedule VII to the Companies Act, 2013 in the Annexure.

The CSR Policy of the Company is available on the Company's website (www.nestle.in/investors/policies). While the focus of CSR efforts will be in the areas around Company operations, the Company also undertakes projects where societal needs are high or in special situations (such as in the case of natural disasters, etc.).

The amount indicated in column (6) and (7) above is the expenditure on projects or programmes. There are overheads of ₹13.7 million, and the total expenditure including overheads is ₹273.7 million.

With its CSR Policy focus areas firmly embedded in its Purpose, in 2018, the Company focused its activities on creating nutrition, health and breastfeeding awareness, providing access to clean drinking water and sanitation, supporting development of agricultural communities while helping them reduce water use and enhancing the livelihood of street food vendors. These initiatives are built upon the strong base of performance in environmental sustainability, applicable laws, international standards and our Corporate Business Principles. CSR programmes are detailed here under:

- **Nestlé Healthy Kids Programme**

India has 253 million adolescents (10 to 19 years) that constitute about one-fifth of India's population. This is more than any other country in the world that makes adolescent health particularly important to India to meet the Sustainable Development

Goals (SDGs)—a set of universal goals to end poverty, hunger and achieve equality, which our country has committed. The Nestlé Healthy Kids Programme has been developed with a focus to raise nutrition, health and wellness awareness among adolescents. The programme contributes towards overall development of adolescents as well as encourages healthier lifestyle in the communities, by arming them with knowledge that impacts them in a meaningful way. The unbranded programme is being conducted since 2009 and is helping raise awareness regarding good nutritional and cooking practices, good hygiene and promoting physical fitness. The programme is implemented through two modes, one is in partnership with six regional universities and the second is with NGO Magic Bus India Foundation.

- a) Six leading regional Universities through the Department of Home Science and Food Science conduct this programme wherein information on the nutrition status of the region and local food habits is collected through their extension activities and the programme content is developed jointly with Nestlé India team. Each student receives over twelve hours of nutrition training and pre and post programme behavioural and knowledge tests are conducted to measure the effectiveness of learning and implementation.
- b) To scale up, the Company joined hands with the NGO Magic Bus India Foundation, one of India's largest behaviour change organisations, to extend its commitment to promote healthier lifestyles through the 'sports for development' model. Adolescents are engaged in interactive sessions in which they receive nutrition and health knowledge and are encouraged to play regularly. The programme is implemented through game sessions, delivered in a manner where adolescents remember everything they are taught because they are actively engaged and are more willing to absorb the information.

Till year 2018, over 280,000 adolescents across 22 states have been encouraged to live healthier lives through Nestlé Healthy Kids Programme.

- **Project Jagriti**

India has been grappling with malnutrition for decades now. According to the World Bank, it is one of the countries in the world that has children suffering from malnutrition with dire consequences for mobility, mortality, and cognitive impairment. When children start their lives malnourished, the negative effects are largely irreversible as pregnancy and infancy are the most important periods for brain development. It is therefore important to intervene in the community to change the dynamics that create the barriers to development for children and mothers.

With the shared vision of healthier communities, the Company rolled out Project Jagriti in partnership with the Mamta Health Institute for Mother and Child, aiming to improve health of women, young couples, children and adolescents. The programme has strong focus on maternal nutrition and creates peer mentor support groups for counselling on good nutrition for pregnant and lactating women, encouraging the early initiation of breastfeeding, exclusive breastfeeding, improving breastfeeding practices and encouraging the uptake of public health services. The programme creates an enabling environment for the best health outcomes, involving the health care system and stakeholders from the community. The adolescent friendly and gender-sensitive inclusive approach is useful in such vulnerable populations that are deficient in knowledge and unaware of their health needs and rights.

The programme started with a pilot in Delhi in year 2014, reaching out to over 100,000 people living in marginalized conditions to educate and encourage community support for good nutrition and breastfeeding practices. In the year 2016, the programme was scaled up and ran across 15 districts of Rajasthan, Karnataka, Maharashtra, Chandigarh, Odisha, Uttar Pradesh, Bihar and Delhi. In three years (2016-18), it has positively impacted over 4.6 million lives- 1.5 million direct reach that is accounted through Management Information Systems (MIS) and 3.1 million people benefitted indirectly.

- **Clean Drinking Water Projects and Water Awareness Programme**

Clean water supplies are vital to any thriving community, reducing exposure to water-borne diseases and easing the burden of ill health. Lack of safe drinking water poses health risks and water-borne diseases such as diarrhea and gastroenteritis to millions of people across the country who still live with the challenge of non-availability of clean drinking water.

To help improve access to clean drinking water, the Company began constructing drinking water facilities in schools around all its factories in 1999. The Company constructs clean drinking water facilities in schools directly and through NGO partner Enable Health Society. The Company also conducts periodic water quality checks to ensure clean drinking water, while involving the school and surrounding community through joint ownership of the water tanks, which helps to establish better upkeep and maintenance of the tanks.

The Company partnered with the Department of Medical and Health, Government of Rajasthan to offer access to clean drinking water at 12 Public Health Centres where the Company provides clean drinking water through its NGO partner, Enable Health Society as a part of the Adarsh Public Health Center Yojna established by the Government.

Till year 2018, the Company has constructed over 260 water tanks across 7 states benefitting more than 136,800 students. The Company conducts Water Awareness Programmes aimed at ensuring hygienic and sustainable water use, reaching out to over 112,700 students.

- **Sanitation Facilities**

Availability of basic sanitation is a serious challenge, with open defecation being a health risk for everyone, more so for the female population. It affects the attendance of girl students in school and often leaves them vulnerable to sanitation-related diseases. It is estimated that a quarter of girls drop out of school for reasons related to the lack of basic sanitation. In some places, nearly two-thirds skip school during menstruation and one-third eventually drop out altogether.

The Company has constructed modern, easily maintainable modular toilets to reduce the dropout rate caused by lack of proper sanitation facilities. These facilities are provided for girl students in schools across all its factory and branch locations. This has had a direct positive impact on the attendance of girls in schools.

Through this initiative, the Company endeavours to eliminate what is considered the major cause of dropouts among girl students in village schools. During 2018, the Company has set up sanitation facilities in government schools and so far has set up over 550 facilities benefitting more than 182,000 girl students across 14 states.

- **Water Conservation in Agriculture**

India is facing a severe water crisis with the availability of potable water and ground water drastically decreasing over the years. The agricultural sector remains the largest user of the India's fresh water, responsible for about 70% of water consumption.

The Company launched a water stewardship initiative with AgSRI at the Kabini river Basin in Karnataka. Over the years, the water demand in the catchment has been increasing, leading to inadequate supply. The Company commissioned a study to understand the current water management and implement applicable water interventions. The study found that river water discharges would continue to deplete while the competing requirements for drinking water and irrigation increase. As agriculture is the largest user of water from the catchment, the Company is working with AgSRI to implement pilot projects promoting the System of Rice Intensification (SRI) and the Sustainable Sugarcane Initiative (SSI) that trains farmers on ecologically sustainable practices to reduce the agricultural water withdrawal from the catchment area, while improving agricultural productivity.

This makes it possible to have more yield and good income by using less seeds, less water and fewer fertilizers besides reducing the number of labourers and expenditure. The SRI and SSI method can be used for cultivating sugarcane, paddy and coffee. Till the year 2018, the project has covered 101 hectares under SRI with 144 farmers and under SSI 55 hectares were covered with 110 farmers.

- **Project Serve Safe Food**

While street food vending is an important source of informal employment for a large number of population, a variety of constraints including lack of knowledge and skills in business, limited training opportunities, and restricted mobility prevents street vendors from improving their capacities. More importantly, links between food and health are increasingly recognized and training street food vendors helps raise the standards for food safety and hygiene.

Recognizing the potential of street food vending as an important source of livelihood, the Company joined hands with Nidan and national and local food authorities, including the Ministry of Food Processing Industries (MoFPI) in Delhi, Food Safety and Standards Authority of India (FSSAI), Ministry of Medical and Health Services in Rajasthan, Directorate of Food and Drugs Administration in Goa and the Department of Health and Family Welfare, Kerala to launch Project 'Serve Safe Food' for training street food vendors.

The programme aims to help them improve their income by upgrading their skills and practices, sustain their livelihoods and enter into strategic employment opportunities in new market conditions. The training of street food vendors is conducted by NASVI and comprise subjects such as health, hygiene, food handling, waste disposal and entrepreneurship. The participants are also certified at the end of the training. With these trainings, the street food vendors are better equipped with knowledge and take adequate precautions to prevent the spread of food borne diseases, for example usage of disposable gloves, cart and personal hygiene.

Till 2018, programme was implemented across 12 states including Goa, Rajasthan, U.P., Kerala, Maharashtra, Madhya Pradesh, Chhattisgarh, Tamil Nadu, Gujarat, Odisha, J&K and Delhi, reaching out to 14,165 street food vendors who were also awarded a certificate and presented a hygiene kit at the end of the training.

- **Employee Volunteering Programme**

Employee Volunteering Programme (EVP) is an initiative launched in 2014 where a Nestlé employee volunteers to spend a day interacting with children from government schools and underprivileged communities to help create awareness regarding healthy eating and active lifestyle.

Till 2018, 1850 employees across 27 locations (Head Office, branches and factories) have participated in the activities.

- **Relief Efforts**

The Company provided support when state of Kerala was hit by floods by supporting relief operations. As part of the efforts, the Company supplied packaged food and beverages, including milk, coffee and instant noodles to the people affected.

6. **In case the Company has failed to spend the two per cent of the average net profit of the last three financial years or any part thereof, the Company shall provide the reasons for not spending the amount in its Board report.**

Not Applicable.

7. **A responsibility statement of the CSR Committee that the implementation and monitoring of CSR Policy, is in compliance with CSR objectives and Policy of the Company.**

The CSR Committee confirms that the implementation and monitoring of the CSR activities of the Company is in compliance with the CSR objectives and the CSR Policy of the Company.

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1: Ethics, Transparency and Accountability

1. Does the policy relating to ethics, bribery and corruption cover only the Company? Yes/ No. Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/NGOs /Others?

The Nestlé India Code of Business Conduct includes the Company's policy on ethics, bribery and corruption covering the Company and all its vendors, contractors and associates. Other significant documents from the Nestlé Group, which define the standard of behaviour of the Company, are *Nestlé Corporate Business Principles*, *Nestlé Purpose and Values*, *Nestlé Supplier Code*.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

During the year, 9 complaints were received from shareholders and investors. All complaints have been resolved to the satisfaction of the complainants and no investor complaint was pending at the end of the year.

Principle 2: Product Life Cycle Sustainability

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

The Company has a legacy of providing consumers with high quality products under four major categories - Milk Products and Nutrition, Powdered and Liquid Beverages, Prepared Dishes and Cooking Aids and Confectionary. The Company has a range of Popularly Positioned Products (PPP) fortified with micronutrients which provide nutritional value at an affordable cost. These include the following among others:

- Nestlé a+ Nourish Milk now fortified with vitamin A & D. This milk undergoes 61 quality checks and is passed through unique flash heat treatment that makes the milk germ-free and preserves its nutrients. 1 glass (200ml) helps meet 21% RDA* of Vitamin A & 48% RDA* of Vitamin D. (*Recommended Dietary Allowances for Indians – ICMR 2010)
- MAGGI Masala-ae-Magic Seasoning mix launched 3 more variants which include Maggi Masala-ae-Magic South veg & non-veg along with Maggi Masala-ae-Magic Meat Masala. The product is designed to help increase the consumption of nutrients like vitamin A, iron & iodine in an easy & tasty way. The product is an economically viable option that can be used at household level to help in home fortification of daily consumed foods like vegetables, dal and non-veg preparations. It's easy to use format helps (per serve of 2g) provide 15% of the daily requirement* of Vitamin A, Iron and Iodine (*Recommended Dietary Allowances for Adult Sedentary Male as per Nutrient requirement and recommended daily allowance for Indians, ICMR 2010).
- NANGROW a nutritious milk drink for growing children 2-5 years of age. Where a serve of NANGROW contains nutrients like DHA, choline, Vitamin A, D, C, iron, zinc, calcium & selenium that help support easy digestion and normal physical growth & development, cognitive development and immune system function. Made with high quality protein and no added sucrose. 2 serves of NANGROW helps meet 48% of the protein RDA for a 2-5 year old child. (*Recommended Dietary Allowances for Indians – ICMR 2010)
- The NESPLUS range of breakfast cereals offer nutritious and delicious choice for the entire family. Made with the goodness of whole grains like wheat, oats and traditional Indian millet jowar. It is also a source of vitamin D, calcium, B-vitamins, folic acid, iron and fiber.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

- (a) Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain? and (b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?

The Company follows a series of Environmental Performance Indicators to monitor its efforts for sustainable use of natural resources in manufacturing. The Company is committed to conservation and optimal utilisation of all resources, reducing waste to zero and full recovery of unavoidable by-products.

During the period from 2003 to 2018, for every ton of production, the Company has reduced energy usage by around 45%, reduced water usage by around 53%, reduced the generation of greenhouse gases by around 55% and the generation of wastewater by around 49%.

3. Does the Company have procedures in place for sustainable sourcing (including transportation)? If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

The Company chooses its suppliers through strictly laid out procedures and engages with them according to the non-negotiable minimum standards described in the Nestlé Supplier Code. These requirements of Business Integrity, Human Rights (labour standards), Health and Safety and Sustainable environmental standards in their business activities, production processes, services provision and their own purchasing procedures, as enshrined in the Nestlé Supplier Code, and apply to all suppliers and their sub-tier suppliers.

4. Has the Company taken any steps to procure goods and services from local and small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

The Company works with farmer communities to ensure sustainable production in the long-term. The Company touches the lives of over 200,000 farmers, and practises a strong preference for local procurement of raw materials. In addition to collecting milk and implementing the Nestlé milk district model successfully to ensure a stable livelihood for local dairy farmers, the Company supports the development of milk farmers by assisting them to increase milk productivity and quality through technical assistance, providing veterinary services, subsidised medicines and promotion of sustainable agricultural practices.

As part of The NESCAFÉ Plan, the Company trains coffee farmers to develop their agricultural practices in terms of quality, productivity and sustainability while supporting them in obtaining 4C (Common Code for the Coffee Community) certification for better coffee prices. The NESCAFÉ Plan sets out to exert a positive and sustained change in:

- The livelihood of coffee farmers, their families and farm workers.
- The resilience and prosperity of farming communities and the stakeholders across our value chain.
- The sustainable management of landscapes linked to our value chain.

The NESCAFÉ Plan has three platforms, connecting to farmers, connecting to communities and connecting to our planet, with the objective of ensuring the future of great quality coffee, to remain available and affordable today and in the future. Till 2018, the Company reached out to around 2,500 farmers and workers through trainings, technical assistance, medical camp, soil test activities.

As a part of The MAGGI Spice Plan, the Company is now sourcing 6 key spices from suppliers with “Backward Integration Programs” (BIP) in place (farmer monitoring, focused on practices to ensure MRL compliance-food safety). Supplier BIP include field extension support for integrated pest management (IPM) programmes of participating farmers e.g., daily/weekly visits to farmer fields and data gathering. This provides a good foundation for effective action. The Company suppliers are key partners in developing responsibly sourced supply chains of spices.

The Company has a dedicated supplier development team that works through the Nestlé – Farmer – Supplier model to create sustainable local sourcing. The team’s objectives include less reliance on imports, supporting sustainable quality and creating a wider, more flexible supply base. In 2018, the Company supported more than 18 suppliers through technical assistance, added 24 new suppliers/ supplier locations and localised 1 raw material. The team also works on developing local vendors through technical assistance to meet the desired quality/ regulatory norms for supply to other Nestlé markets.

5. Does the Company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, > 10%)? Also, provide details thereof, in about 50 words or so.

As a responsible manufacturer of food products, the Company has initiated waste management projects either individually or collectively with industry partners under guidance of Central Pollution Control Board and State Pollution Control Boards and waste management service providers as part of EPR (Extended Producer Responsibility) to collect, segregate and recycle/recover in a sustainable way. This initiative not only ensures compliance to local legislation “Plastic Waste Management Rules’ 2016”, as amended in 2018 but also facilitates reinforcement of positive attitude and behaviour to masses on responsible waste disposal through consumer awareness.

The Company follows 3R's principles i.e. 'Reduce', 'Recycle' and Recover to be environmentally sustainable:

- **REDUCE:** In 2018, the Company reduced packaging material weight by approximately 690 tons by ensuring eco-designing of packaging in a sustainable way. The Company is also working to develop alternative packaging materials in line with our global ambition so that none of our packaging material ends up in a landfill.
- **RECYCLE:** The Company encourages the use of recycled material wherever applicable e.g. 100% recycled paper in shipper.
- **RECOVER:** The Company supports initiatives to recover used packaging. This year we managed approximately 5,986 Metric tonnes of post-consumer multilayered packaging waste as a part of our commitment as Extended Producers' Responsibility.

ANNEXURE - 5 TO THE BOARD'S REPORT

Information as required under Section 134(3)(m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014 forming part of the Board's Report for the year ended 31st December, 2018

A CONSERVATION OF ENERGY

(a) Steps taken or impact on Conservation of energy

Environmental sustainability is embedded in Nestlé Policy on Environmental Sustainability. As part of long term sustainability, your Company ensures that the products, packaging and operations are safe for employees, consumers and the environment. Your Company ensures this with a focus on technologies, processes and improvements that matter for the environment. At Nestlé, sustainability inspires and guides everything the Company does. Moreover, the Company gives highest priority to ensure environmental friendly practices at all factories and offices. These include reduction in power consumption, optimal water consumption, eliminating excess use of paper and using eco-friendly products.

As in the past, the Company continued to stress upon measures for the conservation and optimal utilisation of energy in all the areas of operations, including those for energy generation and effective usage of sources/ equipment used for generation. Within the Company there are continuous efforts towards improving operational efficiencies, minimizing consumption of natural resources and reducing water, energy & CO₂ emissions while maximizing production volumes.

During the year, approximately forty nine energy reduction projects were undertaken by factories of the Company which will result in substantial annualized savings of 61,629 GJ (saving of 1.85% of total annual energy consumption) and shall be fully realized by the coming years. Some of the projects undertaken are:

- Lower steam consumption at Steamer through de-super heater
- Heat recovery from Ammonia / Air Compressors
- Energy efficient LED lights
- Project KAPILA [Mechanical Vapour Recompression (MVR) – Evaporator, IV stage cooler]
- Reduction in transmission losses in electricity

During the year, twenty nine water reduction projects were initiated in factories. This, inter alia, resulted in reduction in water consumption and reuse of recycled water in a more efficient manner. The projects will result in savings of 114761 m3 (saving of 4.3 % of total annual water consumption) and shall be fully realized by the coming years. Some of the key initiatives contributing to water savings in 2018 are:

- Project KAPILA (2017-18 MVR, IV stage cooler)
- Usage of Effluent Treatment Plant (ETP) Reverse Osmosis (RO) permeate in process cooling towers in a factory
- Usage of Milk Water as make up water in steam generation in a factory
- Reduction of bore well water usage by using recycled water in a factory.

Apart from energy and water saving, your Company also initiated projects for reduction of pollution and protection of the environment. Some of the projects are:

- Reduction of waste disposal for land filling;
- Recycling the Hydrolise Plant Protine (HPP) sludge for the manure making;
- Reduction of waste generation from Pichkoo Fillings.

(b) Additional Investment

Following are the additional proposals, which are initiated for implementation during 2019 at factory locations.

- Steam ejectors with vacuum pumps
- Steam optimization of noodle manufacturing lines on balanced lines
- Projects on maximizing waste heat recovery
- Waste water recycling capacity increase
- Additional Solar Power Purchase Agreement (PPA)
- Usage of cleaner fuels in operations

- Increase of recycled water usage for social amenities block
- Improve the recovery of drinking water RO plant
- Additional RO plant for recycling of ETP RO plant

(c) Impact of the measures at (a) and (b) above for reduction of energy consumption and consequent impact on the cost of production of goods

During the years, at the factories there have been continuous efforts to improve operational efficiencies, minimizing consumption of natural resources and reducing water, energy and CO₂ emissions while maximizing production volumes.

As a result, during the period from 2003 to 2018, for every ton of production, the Company has reduced energy usage by around 45%, water usage by around 53%, generation of waste water by around 49% and specific direct greenhouse gas emissions by 55%.

(d) Projects planned or initiated for further improvement in Energy & Water consumption are:

Energy initiatives planned or in progress:

Following are the additional proposals, which are initiated for implementation during 2019:

- Steam ejectors with vacuum pumps
- Steam optimization of Noodle manufacturing lines on balanced lines
- Projects on maximizing waste heat recovery

B. TECHNOLOGY ABSORPTION

Efforts made in technology absorption are furnished below.

Research and Development (R&D)

1. Specific areas in which R&D carried out by the Company

Your Company as a part of Nestlé Group and under the General Licence Agreements has access to and advantage of drawing from the extensive Central R&D efforts and activities of the Nestlé Group. Nestlé Group spends enormous amounts and efforts in R&D and in gaining industrial experiences. It has therefore been possible for your Company to focus its efforts on testing and modification of products for local conditions. Improving and maintaining the quality of certain key raw materials also continued to receive close attention.

2. *Benefits derived as a result of the above R&D*

The ability to leverage the R&D expertise and knowledge of Nestlé Group, has helped your Company to innovate and renovate, manufacture high quality and safe products, improve yields, input substitution and achieve more efficient operations. Consequently the consumers perceive the products of your Company as a high value for their money.

3. *Future plan of action*

Steps are continuously being taken for innovation and renovation of products including new product development, improvement of packaging and enhancement of product quality / profile, to offer better products at relatively affordable prices to the consumers.

4. *Expenditure on R&D*
